The **true cost of powersport theft** goes beyond simply the loss of your vehicle.

If your vehicle is ever stolen, and your insurance company follows common industry practices, they will only cover your vehicle's market value at the time of the loss. The limited coverage offered by your insurance company leaves you fully responsible for other expenses such as your insurance deductible, the interest on your loan, various fees, and sales tax for your replacement vehicle.

Fortunately, the Powersport Theft Protection program offers you a proven theft deterrent and recovery system helping to minimize your losses. You can take advantage of the Theft Protection program's warranty benefit—up to \$5,000—which could be applied toward the purchase of a replacement vehicle.

Our proven system ensures peace of mind

- **Distinctive theft warning decals** used to deter theft
- **Vehicle marked with traceable identification codes** used to identify the owner of a recovered vehicle
- **Up to \$5,000¹ Limited Warranty Benefit** if the theft protection system fails to prevent the theft of the vehicle, and either the vehicle is not recovered, or it is recovered but damaged beyond reasonable repair (availability may vary by state)
- **Transferable coverage** may add to the resale value of your vehicle
- **Choose the plan that's right for you** with coverage options up to five years
- **Monthly payment** option if you include the program price within your auto financing

Safe-Guard's Powersport Theft Protection system permanently marks the vehicle's body parts with indelible identification numbers, which are used to identify the owner of the recovered vehicle.

Protect your investment
