Changes may have been made to the ESC program since the printing of this brochure. All transactions related to the ESC program are governed solely by the provision of the contract book.

Non-Motorized RV Coverage

Servicegard® RV Protection is the ultimate coverage against the rising cost of mechanical repairs. Available from selected dealers for virtually all makes and models of non-motorized recreational vehicles.

This means if you have a failure of a covered mechanical component or a simple question concerning your Service Contract, you will have the peace of mind knowing that you will be taken care of promptly and in a courteous manner by our experienced service staff... All for a reasonable cost!

All of our plans have several deductible options from which to choose. You only pay the deductible for your plan on each covered repair visit. Repairs can be performed at your selling dealer or at any authorized repair facility in the United States or Canada.

Coverage Includes These Parts, and Many, Many More!

Advanced Protection

WATER HEATER COMPONENTS

Burner assembly; thermostat; thermocouple; gas valve; heating elements; electronic ignition assembly; wiring harness; fitting and connections; control panel; switches; P.C. board.

AIR CONDITIONING COMPONENTS

Compressor; evaporator; capacitors; relays; thermostat; condenser; heat strips; heat pump; accumulator; expansion valve; receiver dryer; blower motor; switches; electronic module; reversing valve; P.C. boards; pressure cycling switch; ventilation fans; ducts and control panel.
