ssi@service-contract.com

Servicegard® RV Protection is the ultimate coverage against the rising cost of mechanical repairs. Available from selected dealers for virtually all makes and models of motorhomes.

This means if you have a failure of a covered mechanical component or a simple question concerning your Service Agreement, you will have the peace of mind knowing that you will be taken care of promptly and in a courteous manner by our experienced service staff...All for a reasonable cost!

All of our plans have several deductible options from which to choose. You only pay the deductible for your plan on each covered repair visit. Repairs can be performed at your selling dealer or at any authorized repair facility in the United States or Canada.

Coverage Includes These Parts, and Many, Many More!

Advanced Protection

ENGINE

All internally lubricated parts including: pistons, pins and rings; connecting rods and bearings; crankshaft and main bearings; camshaft followers and cam bearings; push rods, valves, springs, guides and lifters; rocker arms, shafts and bushings; timing gear, chain or belt, tensioners and retainers; eccentric shaft; oil pump; Engine head(s) and engine block if damaged by the failure of an internally lubricated part. Water pump; oil pan; intake and exhaust manifolds; engine mounts and cushions; engine torque strut, timing cover, valve cover(s); harmonic balancer; flywheel (flex plate) and flywheel ring gear; vacuum pump; dipstick and tube; and all pulleys. DIESEL ENGINE COMPONENTS: (WITH SELECTED SURCHARGE) All covered engine parts plus fuel injectors; fuel injection pump and fuel heater. Turbo Charger Components: all internally lubricated parts within the turbo charger housing. Turbo Charger Housing is covered if damage is due to the failure of an internally lubricated part.

TRANSMISSION/TRANSFER CASE COMPONENTS

All internally lubricated parts contained within the transmission case; and transfer case; torque converter; vacuum modulator; internal linkage; mounts; oil pan; cooler and cooler lines; tube and dipstick. Transmission and transfer case if damaged by the failure of an internally lubricated part.

DRIVE AXLE COMPONENTS (Front & Rear)

All internally lubricated parts contained within the differential housing, transaxle housing and final drive housing. Axle shafts, constant velocity joints; drive shafts; hub bearings, supports; retainers and bearings; four wheel drive hubs and bearings; differential housing, transaxle housing and final drive housing if damaged by the failure of an internally lubricated part.

SUSPENSION COMPONENTS

McPherson Struts (EXCLUDING REPLACEMENT CARTRIDGES), strut bar and bushing; upper and lower control arms, torsion arms; shafts and bushings; upper and lower ball joints; steering knuckles; wheel bearings; stabilizer shaft, linkage, and bushings; kingpin and bushing; torsion bars; spindle supports; coil and leaf springs and leveling system; compressor lines; lines and bags; rubberized suspension components.

FUEL DELIVERY SYSTEM

Fuel pump; fuel tank(s); metal fuel lines; fuel distributor; fuel injection pump; fuel injectors; and auxiliary tank switch.

STEERING COMPONENTS

All internally lubricated parts on the steering gear box and gearhousing if damaged by the failure of an internally lubricated part. Rack and pinion gear; power steering pump; main and intermediate steering column shafts and couplings; cooler and cooler lines; power cylinder; pitman arm; idler arm; tie rod and tie rod ends; drag links; control valve and cylinder.

AIR CONDITIONING COMPONENTS

Compressor clutch; clutch pulley; clutch coils; condenser; evaporator; POA valve; accumulator; orifice tube; temperature control programmer; power module; idler pulley and bearing; receiver-dryer; blower motor; high/low pressure cut off switches; pressure cycling switch; P.C. boards; and ducts.

This brochure is only an outline of the ServicegardSM RV Protection Contract Coverage. For exact coverages, exclusions, and limitations, refer to the ServicegardSM RV Protection Service Contract booklet.

Motorized RV Coverage

Covered Components

HEATING/COOLING COMPONENTS

Water pump, including impeller shaft, bearings and bushings; radiator; heater core; fan; fan clutch; fan motor and control module; coolant recovery unit; fan shroud; electric block heater, heater ducts and vents.

BRAKE SYSTEM COMPONENTS

Master cylinder; power assist booster and pump; wheel cylinders; combination valves; hydraulic lines and fittings; disc calipers; power brake cylinder; backing plates; clips, springs and retainers; self adjusters; parking brake linkage and cables; and rear actuators. Air Brake Components: compressor, diaphragm, treadle, disc caliper; compensating valve; and slack adjusters.

ELECTRICAL COMPONENTS

Starter; alternator; voltage regulator; distributor; wiring harness; solenoid; relays; coils and electronic engine timing control unit and its sensors; manually operated switches; wiper motors; gauges; window/mirror motors and controls; power antenna and motors; seat motors; power door locks; cruise control transducer; engagement switch and servo; turn signal switch; dashboard clock; dual battery paralleling switch; and back up alarm.

WATER HEATER COMPONENTS

Burner assembly tank; thermostat; thermocouple; gas valve; heating elements; electronic ignition assembly; wiring harness; switches; fitting and connections; and P.C. board.

WASTE SYSTEM COMPONENTS

Shower; toilet; sink; holding tanks; gate valves; fittings and connections.

FRESH WATER SYSTEM COMPONENTS

Water pump, compressor; water tank; water lines; traps; fittings and connections.

AIR CONDITIONING/VENTILATION COMPONENTS

Compressor; evaporator; capacitors; relays; thermostat; heat strips; heat pump; condenser; accumulator; expansion valve; receiver dryer; blower motor; switches and electronic module; reversing valve; P.C. boards; pressure cycling switch; ventilation fans; ducts and control panel.

RANGE & OVEN COMPONENTS

Burner assembly; thermostat; thermocouple; burner valves; microwave oven; power hood; L.P. gas fittings and connections; and P.C. boards.

L.P. GAS SYSTEM COMPONENTS

Regulators; valves and gauges; mounting brackets; pigtails; gas lines; fittings and shut-off system.

HEATING SYSTEM COMPONENTS

Furnace ignitor; burner assembly; thermocouple; gas valve; thermostat; blower motor; heat pump; heat strips; reversing valve; L.P. fittings and connections; control panel; and P.C. board.

REFRIGERATOR COMPONENTS

Thermostat; thermocouple; cooling unit; burner assembly; ignitor; L.P. fittings and connections; control panel; and P.C. board.

AUXILIARY POWERPLANT COMPONENTS

All internally lubricated parts of the powerplant engine; starter; switches; generator assembly; power converter; inverter; voltage regulator; gauges; interior monitor/control panel; P.C. board. Head and/or cylinder block if damaged by the failure of an internally lubricated part. NOTE: COVERAGE IS ONLY AVAILABLE FOR POWERPLANTS WHICH ARE FACTORY INSTALLED OR FACTORY APPROVED DEALER INSTALLED.

SEALS AND GASKETS (New Units)

All seals, gaskets and sealing boots are covered for all components covered by this plan.

Advanced Plus Protection (Exclusionary Comprehensive)

In addition to the components listed, Advanced Plus Coverage includes all other components except those specifically listed in the What's Not Covered section of the Contract Book

SURCHARGE / OPTIONAL PACKAGES**

\$300 TOWING LIMIT*

Increases towing and road service limit from \$150.00 to \$300.00, regardless of failure.

COMMERCIAL USE

Commercial use coverage means only daily, weekly or monthly rentals, short term (12 months or less) lease or primarily used for business purposes, e.g. a traveling salesperson. COVERAGE DOES NOT INCLUDE TAXI, SHUTTLE, DELIVERY SERVICES, PRINCIPALLY USED FOR OFF ROAD OR HAULING.

FRONT OR REAR DIESEL ENGINES

See coverages under engine.

SEALS AND GASKETS (USED UNITS)*

Provides seal, gasket and sealing boot coverage on all used units for all components covered by this plan.

HIGH TECH COMPONENTS*

Fuel injection sensors; control module and injectors; electronic ignition module; electronic anti-detonation sensors and controller; electronic driver information display and module; electronic mixture control unit and its sensors; electronic anti-lock brake system (ABS); and relays; P.C. boards.

POWER STEP COMPONENTS*

Power step system. NOTE: COVERAGE IS ONLY AVAILABLE FOR VEHICLES WHICH ARE FACTORY INSTALLED OR FACTORY APPROVED DEALER INSTALLED.

LEVELING JACK SYSTEM*

Mechanical, electrical, hydraulic Coach leveling system. NOTE: COVERAGE IS ONLY AVAILABLE FOR VEHICLES WHICH ARE FACTORY INSTALLED OR FACTORY APPROVED DEALER INSTALLED.

SLIDE-OUT ROOM(S)*

Mechanical; electrical; hydraulic. Slide-out rooms extension system(s). Raised roof extension.

AUDIO / VIDEO*

TV (42" or less); antenna motors; VCR/VCP; stereo system (EXCLUDING SPEAKERS).

DELUXE COMPONENT PACKAGE (NEW UNITS ONLY)*

Rear monitor system; ice maker; freezer; dishwasher; washer/dryer (EXCLUDING BELTS AND HOSES); trash compactor; central vacuum cleaner system; external barbecue; tilt/telescoping steering assembly; horn and horn switches; spot light system; carbon monoxide/smoke detector; alarm sensors; garbage disposal; electronic/remote entrance; thermometer; compass central locking system; power seat system; awning mechanism (EXCLUDING COVER); hood and door hinges; hood latches and springs; door handles; seat tracks; interior/exterior light fixtures (EXCLUDING BULBS); electrical outlets; glove box door hinges and lock; shift lever; thermostat/kitchen center. IF FACTORY INSTALLED OR IF DEALER INSTALLED AND MEETS ALL MANUFACTURERS SPECIFICATIONS.

* Included in Advanced Plus Package.

** Available for Advanced and Advanced Plus Coverage.

Additional Benefits Include:

- **Towing & Road Service: Up to \$150 per incident (May increase to \$300 with optional package upgrade)**
- **Trip Interruption: Up to \$125 per day, to a maximum of 3 days**
- **Substitute Transportation Benefit**
- **Transferable Coverage: Increasing the Resale Value**
- **Renewable Option**
- **Prompt, Courteous Toll-Free Telephone Assistance**
