Safe-Guard RV/Trailer Theft Protection keeps your vehicle from being next!

Safe-Guard RV/Trailer Theft Protection provides you with the vehicle and financial security you need. Your vehicle is a major investment, so the last thing you want to think about is having it stolen. However, today's RV/Trailer owner simply cannot afford to ignore that theft is a real possibility.

Unfortunately, your insurance will not cover all of the costs associated with a loss due to theft. Your insurance company generally covers only the vehicle value at the time of the loss, leaving you responsible for out-of-pocket expenses.

Safe-Guard RV/Trailer Theft Protection provides complete protection for you and your investment.

- Traceable security codes are permanently installed on various parts of your vehicle.
- The codes are recorded in a database accessible by law enforcement agencies to aid in recovery.
- These codes make vehicles less desirable to professional car thieves.

Safe-Guard's Theft Protection System permanently marks or etches indelible identification numbers onto the vehicle's body or parts. The identification numbers are registered in a database that can be scanned by law enforcement officials to trace the vehicle's ownership.

The following are typical out-of-pocket expenses not covered by your insurance company.

- Replacement vehicle costs (down payment, sales tax and miscellaneous fees).
- Deductibles.
- Payoff deficiencies.

To help offset the costs associated with a stolen RV or trailer, Safe-Guard's Theft Protection Program offers a warranty benefit of up to \$5,000 if it fails to prevent the theft or aid in the recovery of the marked RV.
