

Additional Benefits Include

- Optional Trailer Coverage
- Rental Reimbursement
- Transferable
- Pick-Up Reimbursement
- Trip Interruption
- 24-Hour Answering Service
- Toll-Free Number

Coverage for New Powersport Vehicles

- Motorcycles
- Dirt Bikes
- ATV's
- UTV's
- Scooters
- Personal Watercraft
- Jet Boats
- Snowmobiles

Provides protection against rising repair costs.

Ask your dealer for details.

This brochure should not be relied upon when purchasing coverage. Please refer to the ESC contract book for specific coverage details. Changes may have been made to the ESC program since the printing of this brochure. All transactions related to the ESC program are governed solely by the provisions of the contract book.

Comprehensive Coverage

Coverage Includes These Parts, and Many, Many More!

ENGINE

All internally lubricated parts including: valves and valve springs, retainers, keepers, guides, seats, push rods, lifters and followers, rocker arms/pivots, rocker shafts, rocker bushings, rocker boxes, camshaft and bearings, crankshaft and main bearings, pistons, rings, pins, connecting rods and bearings, timing gears, oil pump, manifolds, and engine mount insulators. Cylinders, case halves, cylinder heads, block and barrels are covered (only if damaged beyond repair as a result of a failure of one of the above covered parts).

TRANSMISSION

All internally lubricated parts including: bearings, cams, internal drive gears, internal shafts, internal selector mechanism, thrust washers, springs and bushings. Transmission case is covered if damaged by failure of a covered component.

PRIMARY DRIVE

All internally lubricated parts. Stationary and movable sheaves, spider, outer cap and bushings. Primary drive case is covered if damaged by a failure of a covered component.

SECONDARY DRIVE

Stationary and moveable sheaves, cam assembly, secondary (jack) shaft and bearings.

SEALS & GASKETS

Including but not limited to: head gaskets, intake manifold gasket, valve cover gaskets, primary cover gaskets, transmission housing gasket, engine shaft seals and transmission shaft seal.

GAUGES

All factory installed instrumentation and related sensors.

DRIVE AXLE ASSEMBLY

(SHAFT DRIVEN MOTORCYCLES & ATV'S)

Differential housing, transaxle housing, final drive housing, all internally lubricated parts of the foregoing, axle shafts, constant velocity joints, universal joints, drive shafts, locking hubs, hub bearings, locking rings, supports, retainers and bearings.

FRONT & REAR SUSPENSION

All internally lubricated parts, front and rear wheel bearings and hubs, swing arm bearing and bushings, upper and lower control arms, ball joints, king pins, spindle and swing arm.

STEERING

Steering stem assembly including bearings, bushings, steering shaft, adjustment nut, rudder nozzle, steering bracket and bushing, swivel bracket bearing, control rack and yoke assembly, power steering pump, power cylinder assembly, steering wheel and coupling and steering cables.

BRAKES

Hydraulic brake calipers, master cylinder, brake backing plates, internal actuating mechanism, hydraulic lines and fittings.

ELECTRICAL

Starter, solenoids, alternator, voltage regulator, manually operated switches, electronic harness controller, fuel ignition module, ignition coil(s), rectifier, stator assembly, rotor assembly, wiring harness repair, CDI control box/electronic ignition control module.

FUEL SYSTEM

Petcock, fuel injection module, fuel lines, fittings, fuel pump and housing, diaphragms, springs and actuating lever. Fuel injectors, fuel pressure regulator, fuel injection sensors.

COOLING SYSTEM

Water pump, cooling fan motor, fan shaft and bearings, heat exchanger and radiator.

OIL INJECTION/LUBRICATING SYSTEM

Oil injection drive gear and/or shaft, oil pump, oil tank, oil cap, oil level sensor, oil level warning horn, oil lines, check valve, oil injection pump and oil injection metering system.

TOURING BIKES

Digital dash components, control cables, fairing hardware, brackets, switches, covers, latches and hinges, saddlebag/travel trunk latches, hinges and mounting hardware.

CHAIN CASE

All internally lubricated parts within the chain case including upper and lower chain sprockets, automatic and manually adjustable tensioners, roller chain, chain case, reverse gear and gearbox.

LOWER UNIT

Gearcase head, bearing oil retainer, gearcase assembly, driveshaft and upper bearing, shift rod and cover assembly, lower pinion bearing, forward and/or pinion gear, reverse gear, shift fork, gearcase and/or propeller shaft if damaged as a result of the failure of a lubricated covered component.

CONTROLS

Neutral start switch assembly, starter/choke primer switch, starter/stop button, throttle control handle, throttle cam lever, throttle and shift cable, shift interrupter switch, tilt/trim switch and ignition switch.

POWER TRIM & TILT

Trim sender, oil pump, relief valve, spring, O-ring, trim cylinder, tilt cylinder, manual release valve, hydraulic pump, reverse lock valve, power tilt motor, power trim motor, mounts and pivots.

U-JOINT HOUSING/DRIVE LINE SYSTEM

Drive mount and steering components, transom plate, U-joint housing, U-joint housing bearing, U-joints, drive shaft(s), bushings, bearings, fly wheel, pivot pin and shift lever.
